

MISSION

It is the mission of the Sasmuan Water District to serve our concessionaires by delivering a quality of water in the most cost-effective and reliable service

VISION

Total commitment in the pursuit of elevating man's physical standard of living by expanding our service to all residents of Sasmuan.

OBJECTIVES

- To provide concessionaires with safe, potable and uninterrupted quality flow of water.
- To provide reliable service with adequate pressure.
- A quality water free from objectionable taste, turbidity and other chemical detriments.
- Establish water rates compatible with the level of service and affordable.
- Effectively delivered services through sound engineering and state of the art technology.
